Foreword

This volume, the fourth volume of ICU Working Papers in Linguistics (ICUWPL), is the proceedings of the second Asian Junior Linguists Conference (AJL2), held at International Christian University in December 6-8, 2017. The AJL2 conference has been funded by ICU Linguistics and the Japan ICU Foundation. More information about the AJL conference can be found at: <https://sites.google.com/view/ajlmain/home>.

The conference had three plenary speakers (Dr. Yurie Hara, Dr. Stephanie Shih and Dr. Hajime Ono) as well as a workshop on syntactic processing by Dr. Ono. The general session had 16 papers presented by speakers from institutions in Japan, United Kingdom, Hong Kong, Australia and Thailand. This volume consists of six selected papers from AJL2. Electronic copies of the articles can be downloaded from the following URL: <https://sites.google.com/info.icu.ac.jp/icuwpl/>

We would like to thank Professor Tomoyuki Yoshida and Seunghun J. Lee for guiding us through the process of making this fourth volume. We also thank the organizers and volunteers of the conference for their cooperation. In the end, we would like to thank all the authors who contributed to this volume, as well as the attendees for their contributions to the successful meeting.
